The Natural Deodorant Balancing relative humidity

Natural wood absorbs excess moisture from the air. The natural property makes WoodCube an ideal functional decorative material for places that you always want to keep humidity levels stable like kid's room, living room, AV room, mini bar and wine cellar, etc.
Experiments show that WoodCube aid the elimination of indoor unpleasant odors, like Nicotine content.

About Installation Easy and Simple

1 Clean the surface of the location to be installed with Wood Cube and eliminate objects causing uneven surface

2 Take out Velcro panel and into desired size. Tear off the sticker on the back and stick it on the wall.

3 Find the Velcro strips with hooks from the box package. Apply two strips to each Wood Cube.

4 Put each Wood Cube onto the Velcro panel according to your desired pattern. (In anytime, You could rearrange the Wood Cube after installed.)
